

Notice

Dear Valued Customers,

We understand that coronavirus (COVID-19) is on everyone's mind, so we wanted to reassure you that we at **Premium Sweets** are taking a proactive approach to this situation, as the health and safety of our valued clients and team members are our top priority.

Canadian public health officials have recommended precautionary measures that everyone can take to protect themselves and help prevent the spread of infections within our community. **Premium Sweets** is committed to provide comfortable and safe entertainment experiences at our all locations.

First and foremost, we want to reassure our guests that we are taking all appropriate measures to ensure our venues are safe and that we have existing plans and training protocols in place to ensure they stay that way. While the Public Health Agency of Canada has assessed the current public health, risk associated with coronavirus as low, we continue to monitor for developments very closely.

We have implemented additional measures to ensure your safety as well as the safety of our team, including:

- Introducing enhanced cleaning protocols in all of our locations.
- Coronaviruses are easily eliminated by routine surface cleaning and the cleaning products we use are industrial-grade and food-service approved
- Increasing communications and reminders with our guests, partners and employees on important health and safety measures.

To protect yourself and others, we ask that anyone who is feeling unwell refrain from visiting public location so that together we can ensure a safe and comfortable experience for everyone.

Again, we continue to monitor this situation closely and will provide ongoing updates as needed. We also encourage our guests to stay up-to-date through [Canada's Public Health website](#).

Thank you and we look forward for your co-operation.

Management
